

CSCE 242: Topic Selection (Restaurant)

Name: The Otto

Description:

My topic will be to create a website about a restaurant. The restaurant will be named after myself and will be called “The Otto”. It will be a local restaurant located in Rock Hill, Sc. The website will be on the restaurant itself and at one location. The restaurant itself will be a steakhouse with a dark theme.

Description of Data:

The data my website will be storing will mainly be the menu items. Including lunch menu items, dinner menu items, dessert, and drinks. Some more data will be about the owners of the restaurant including background information and maybe information about servers. There will be a slight description on menu items. Each item menu will have a price tag
